SPECIALTY THREADS

BOBBIN GUIDE

DISCLAIMER

This bobbin guide is made available for use by WonderFil Specialty Threads® customers and affiliates. While we have done our best to make the guide as accurate and up to date as possible, WonderFil® is not liable for any errors that may be contained within. Please use this guide at your own discretion.

Size L

Class 15

Size M

Size L:

Height: 0.35"
Diameter: 0.8"

Class 15:

Height: 0.46"
Diameter: 0.8"

Size M:

Height: 0.42"
Diameter: 0.98"

DecoBob™

WonderFil® pre-wound bobbins are wound with our 80wt DecoBob™ thread in a reusable plastic bobbin, which means there is no glue or wax holding it together (which also makes for happy machine!) DecoBob™ makes for an ideal bobbin thread as using a finer weight thread will also minimize the bulk in whatever you are doing, however DecoBob™ also has the strength, versatility, and reliability you can count on.

Pre-wounds are a fantastic choice because they come wound uniformly, meaning you will get more consistency in all your stitches, which is especially noticeable when doing embroidery. DecoBob™ pre-wound bobbins are available in 36 different colours, meaning you can find the perfect match to any project! Because DecoBob™ is a cottonized polyester thread, its matte finish will also help it blend into your fabric so that the bobbin thread shows less. They also come wound with a higher density of thread than when you wind your own bobbins on a domestic machine.

DecoBob™ Pre-wound Bobbins are available in Class 15, Size L and Size M.
