

ABOUT

Available in 60 saturated solid colours, SoftLoc™ is a supple wooly poly thread that is perfect for use in sergers and both knitted and woven materials. Cones are available in 1100yd (1005m) sizes. Recommended for use on medium to heavy materials, it is durable and offers a soft finish and excellent coverage that makes it ideal for rolled hems. All colours selected in collaboration with Angela Wolf.

APPLICATIONS

For use in the upper and lower loopers and chain looper of sergers. Not recommended to use in the machine needle.

THREAD

Tex 35 wooly poly serger thread

Finish: slight sheen

USES:

Serger loopers, rolled hems on medium to heavy knitted and woven fabrics. Ideal for garments, dance wear, swim suits, jogging and fitness wear, napkins, baby and receiving blankets, and bibs.

TIPS:

- Match colors with Designer™ in the needle when sewing in the serger.
- Sew at a moderate speed.
- Colorfast and safe to iron.
