# BOBBIN GUIDE

**DISCLAIMER**

*This bobbin guide is made available for use by WonderFil Specialty Threads™ customers and affiliates. While we have done our best to make the guide as accurate and up to date as possible, WonderFil® is not liable for any errors that may be contained within. Please use this guide at your own discretion.*

**Size L**

**Class 15**

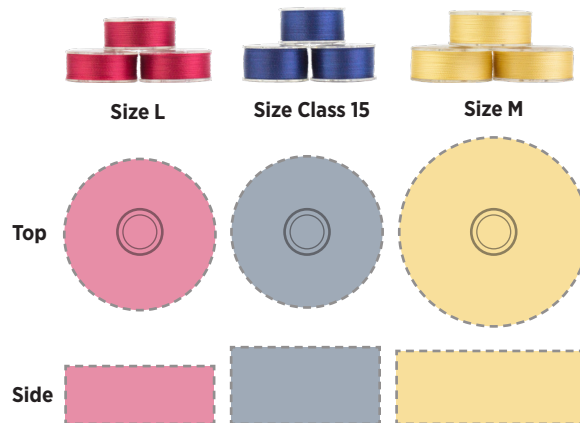

**Size M**

# Find Your Bobbin Size

Place your bobbin over the to-scale outlines to find out which bobbin size your machine takes.

## Bobbin Dimensions

### Size L

Diameter: 20 mm  
Height: 9 mm

Diameter: 0.79"  
Height: 0.35"

### Size Class 15

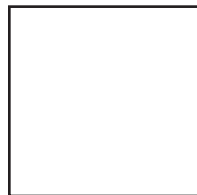

Diameter: 20 mm  
Height: 11.3 mm

Diameter: 0.79"  
Height: 0.44"

### Size M

Diameter: 24.6 mm  
Height: 10.7 mm

Diameter: 0.97"  
Height: 0.42"

1 inch

1 centimeter

Measure after printing to ensure you have the correct scaling to measure by.

## DecoBob™

WonderFil® pre-wound bobbins are wound with our 80wt DecoBob™ thread in a reusable plastic bobbin, which means there is no glue or wax holding it together (which also makes for a happy machine!) DecoBob™ makes for an ideal bobbin thread as using a finer weight thread will also minimize the bulk in whatever you are doing, however DecoBob™ also has the strength, versatility, and reliability you can count on.

Pre-wounds are a fantastic choice because they come wound uniformly, meaning you will get more consistency in all your stitches, which is especially noticeable when doing embroidery. DecoBob™ pre-wound bobbins are available in 36 different colours, meaning you can find the perfect match to any project! Because DecoBob™ is a cottonized polyester thread, its matte finish will also help it blend into your fabric so that the bobbin thread shows less. They also come wound with a higher density of thread than when you wind your own bobbins on a domestic machine.

DecoBob™ Pre-wound Bobbins are available in Class 15, Size L and Size M.

**Updated Date: January 1, 2023**
